# EXPLORING ADVENTURE PROGRAM

## TIME SPECIFIC

9:30AM  
- 3:00 PM

Iron Scout Culinary Challenge\*\*

9:00 AM  
- 11:45 AM

ConnJam's Got Talent Qualifying Rounds

4:15 PM  
- 4:45PM

Religious Services

## ALL DAY

1. STEM World
2. Trades Expo
3. Vendor Displays & Scouting Midway

- Require Registration at [ConnJam.org](https://ConnJam.org)\*\*

# EXPLORING ADVENTURE STEM WORLD

## 1. Dash & Dot

- a. Coding robots: code to create patterns and complete tasks along the way

## 2. Ozobot

- a. Drawing robots: create a pattern, and they will follow

## 3. Dino Globe

- a. AR Globe interaction with iPad

## 4. Giant Tetris

- a. Roll the die, balance the pieces to win

## 5. Giant Connect 4

- a. A game of skill and luck

## 6. STEM Challenge #1

- a. Use spaghetti & marshmallows to create an engineering masterpiece

## 7. STEM Challenge #2

- a. Fit through an index card, without breaking or tearing it!

## 8. STEM Challenge #3

- a. Popsicle stick bridge challenge, or exploding popsicle chain

# EXPLORING ADVENTURE STEM WORLD

## 1. US Naval Submarine Force Museum

- a. Simple submersible “Sea Perch” robots that the Scouts can operate remotely. Navigation demonstration and an Electricity & Magnetism demonstration.

## 2. Egg Protection

- a. Groups of Scouts will have 10 minutes to build a contraption to protect an egg before a 15 pound bowling ball will be rolled at it. Half day program 9am-12pm.

## 3. Lego Derby

- a. Try your hand at making a Lego derby car and racing it down the track!

# EXPLORING ADVENTURE TRADES EXPO

---

Get ready for an action-packed, hands-on experience at the Traders Expo during ConnJam! This interactive showcase is designed to introduce Scouts to a wide range of skilled trades through exciting demos, simulations, and activities led by industry professionals, trade unions, and local schools. Here's a preview of what's in store:

## Electrical Union Trailer

Step inside a custom-built trailer where Scouts can wire an electrical panel, bend conduit, and work with real solar equipment—learning the basics of how electricity powers our world.

## Painter's Union – Virtual Reality Spray Simulator

Try your hand at painting like a pro in an immersive VR spray simulator—experience the precision and skill it takes to paint large-scale projects. Get hands-on at the tabletop glazing demo: learn how to install panes into aluminum frames, just like the experts.

## Local 777 – Plumbing and Pipefitting

Discover the art and science of plumbing with live demonstrations from the pros—see how piping systems come together in real-world scenarios.

**Closed Toe Shoes Required\***

# EXPLORING ADVENTURE TRADES EXPO

---

## Platt Tech School – Auto Shop Demo

Dive into automotive skills: learn how to take off and rotate tires, explore how a car engine works, and get a real feel for vehicle maintenance.

## Electric Boat Mobile Lab

Step into the future with the Electric Boat Mobile Lab! Check out robotics demos, try your hand at virtual welding, and explore submarine-building skills with real pipefitting projects and more.

## Carpenters Union – Framing & Drywall

Build it with your own hands! Learn how to frame and install drywall with guidance from professional carpenters.

## Home Depot – Kids Workshop Station

Home Depot is bringing their popular Kids Workshop Kits to ConnJam! Young builders can put together fun, beginner-friendly projects like toolboxes, birdhouses, or mini trucks using real wood, nails, and hammers (with adult guidance, of course). It's a great way to spark creativity and confidence in kids while they learn basic building skills in a fun and safe environment.

The Traders Expo is your chance to explore future careers, build skills, and have a blast doing it. Don't miss this unforgettable hands-on adventure!

**Closed Toe Shoes Required\***

# RANGE & TARGET ACTIVITIES

---

## PROGRAM

---

ALL DAY

1. Archery
2. BB Shooting
3. Slingshots
4. Paintball Shooting\*
5. Tomahawk Throwing\*

a. Scouts BSA, Venturing, Sea Scouts, Explorer Only\*

# CONNJAM ARENA

---

## DAY PROGRAM

---

### TIME SPECIFIC

#### SATURDAY MORNING

#### ConnJam's Got Talent

**1:00 PM  
- 1:45 PM**

#### UConn Woodsmen Demonstration

1. **Old-Fashioned Long Saw Demonstration:** Watch the Woodsman wield a classic long saw, slicing through timber with precision and teamwork, bringing history to life.
2. **Wood-Chopping Competition:** Cheer as competitors race against the clock to chop logs in a thrilling display of strength, speed, and skill.
3. **Tree Education Segment:** Learn fascinating facts about trees, their growth, and their vital role in our environment in an engaging and informative presentation.

**2:00 PM  
- 2:45PM**

#### Physics Show

1. **Elephant Toothpaste:** Witness a colossal eruption of colorful foam in this explosive chemical reaction that's as educational as it is entertaining.
2. **Lifting Weights with Books:** Discover the power of leverage as ordinary books are used to lift heavy weights, defying expectations.
3. **Magnetic Fields Demo:** Explore the invisible forces of magnetism with a mesmerizing display of magnetic fields in action.
4. **Egg in Bottle Act:** Be astonished as an egg is magically sucked into a bottle, revealing the wonders of air pressure.

**3:00 PM  
- 3:45PM**

#### Career Panel

1. **Diverse Career Perspectives:** Hear from experts across a wide range of fields, sharing their unique paths and experiences to inspire Scouts of all ages.
2. **Practical Next Steps:** Learn actionable advice on navigating post-school transitions, from pursuing higher education to entering the workforce or exploring entrepreneurial ventures.
3. **Interactive Q&A:** Engage directly with panelists to ask questions and gain personalized insights tailored to your interests and aspirations.
